

LUNCH PROGRAM YORK SCHOOL

All students who attend York School and stay for lunch are required to pay a fee to cover the costs of running the program. Costs include: supervision, custodial time, cleaning supplies, game supplies for indoor and outdoor play, and replacement of equipment as needed.

Fees

Fees will not be determined until after school starts. Information about lunchroom fees will be provided to our families as soon as it is available. Fees can be paid online through SchoolZone, or by debit/Visa/Mastercard in the office. It is preferable that fees are paid online.

Microwaves

Microwaves are **NOT** available to heat up food. Students are expected to bring a lunch that does not require heating.

Allergies

Please refrain from sending nuts to York School as we have several students who have severe allergies.

Absences from the Program

Parents need to contact the school if their child will be absent or will need to leave the lunch program for any reason. Students in our care will not be permitted to leave the supervised areas at lunch without parental consent.

Behavioral Expectations

Please review these expectations with your child/children

Lunchroom behavior is consistent with our expectations of behavior for all the students at York School. Situations involving major or continued disruption of the program, or disrespect for the supervisors or other students will result in suspension from the lunch program.

- Students are expected to show respect for their peers and their lunch supervisor at all times. Lunch privileges depend on student cooperation, and privileges may be denied for students who are disrespectful or who do not follow expectations.
- Students will be given half the lunch period to eat their lunch in a calm and relaxed setting. Each student is responsible for his or her own eating space and will be required to leave the space orderly and clean.
